NIGHT SCHOOL WILL START THE FIRST OF NEXT WEEK

Seats Have Just Arrived And Will Be Installed Saturday.

REPORT OF TREASURER

Teachers This Year Will Go To Washington For Institute.

The school Board held a regular meeting last night and took up considerable business. It was reported that the seats for the room which is to be used for the night school had arrived. They are to be placed in position in what was formerly the chapel of the Fifth street building, on Saturday and the night school will be started on Monday of next week. It is presumed that there will be a large attendance. The new teacher which was elected recently is George H. Chetman of Pittsburgh, who besides having charge of the night school will teach a few branches in High School. The salary of the janitor of the Fifth street school, Mr. Rylands was raised \$10, on account of the starting of the night school.

Reports of the treasurer and the tax collector were read and accepted and several bills were passed upon. A summary of the former follows:

Balance from last report..... 7,326.54
Receipts for month..... 26,881.64

Total..... 34,208.18

Disbursements..... 10,148.80

Balance on hand..... 24,059.38

The night made a verbal report that the total enrollment for the month was 1552. During the month 464 patrons visited the school and the superintendent visited fifty times in the rooms and the principals visited 150.

It was decided that the teachers this year should be instructed to attend the county institute at Washington, which begins on the 14th of December. From this date until the 25th there will be a vacation for the teachers and pupils. There will be no school on Thanksgiving and the day following.

The building committee was instructed to purchase the necessary furniture for the additional room which is to be used. Five of Webster's dictionary were purchased and a tax collector was instructed to adjust the matter of the tuition of High School pupils from Fallowfield township.

BIG CONTRACT FOR MACHINERY

The Pittsburgh-Buffalo company, through its president, John H. Jones, has placed contracts, since the election, for \$1,000,000 worth of machinery for its great plant at Marianna, this county. It had previously invested there \$30,000,000 and will add at least another million in the near future.

PRISON FOR FIFTEEN YEARS THE SENTENCE FOR CHAS. W. MORSE

New York, Nov. 6.—At about noon today Judge Hough pronounced sentence upon Charles W. Morse, convicted on 54 counts of the indictments charging him with the misappropriation of funds and falsifying the books of the National bank of North America, the "Ice King" being sent to prison for fifteen years. The sentence of his co-partner in crime, Alfred H. Curtis, was suspended. The men spent last night in the Tombs and were brought out to receive sentence before noon. Morse was staggered by the sentence but quickly recovered as he was led away.

SOCIAL EVENTS OF CHARLEROI

Lyons-Dickey.

At the home of the brides mother, Mrs. Laura Dickey, in Fallowfield township, Wednesday night high noon occurred the marriage of Miss Elizabeth Dickey to Mr. John Lyons of New Concord, Ohio. Rev. H. C. Boblitt, pastor of the First Christian church of Charleroi performed the ceremony in the presence of a few friends of the couple. After the wedding an elegant dinner was served by the bride's mother. They left later for New Concord, Ohio, where they will reside. The people are well and favorably known. Mr. Lyons is immensely popular in his home town.

A sad feature of the affair was the receiving about ten minutes after the performance of the ceremony, by the groom of a telegram announcing the death of his grandfather, with whom he made his home.

W. A. Miksch last night at the Turner hall gave an oyster supper to the Turners and families, the affair being largely attended. The supper was in return for a picture of himself which the order had presented him as the president. Mr. Miksch feeling that it devolved upon him to in some way show his appreciation. Oysters were served upon the half shell. The hall was nicely decorated for the occasion and it was a nice social event. Special music was furnished by the Turn Verein band. Out of town guests were present from Pittsburgh and Monessen.

The Keystone Roller Club composed of seven young men of this and other towns along the valley have issued invitations for a Select Skating party to be given at the Charleroi rink on the evening of Friday, November 30. The club is making elaborate preparations and it is understood that it will be a big society event of the season. Guests have been invited from this place, California, Belle Vernon, Monongahela, Donora, Monessen and other places of the valley. Those composing the committee are William E. Huston, Thomas E. Jeffries, F. Elmore Buchanan, Paul A. Kimmins, William J. Ennix, Homer A. Horn, and S. Joseph Carroll.

Mrs. J. Y. Hill, Mrs. Emma Ralston and Mrs. Iva Wickerham and children of Monongahela spent yesterday with Mrs. C. M. Hill of Meadow avenue.

MANY OUT FOR SUPERINTENDENCY

Seventeen Applications In For County Home Position.

NEVER MORE THAN TWO

Every day incidents arise that are convincing within themselves that basism is a thing of the past in Washington county. Probably as pertinent an illustration so far, is the number of applications for the vacancy existing at the county home. On November 22 Superintendent J. V. Dadds will end his superintendency. To date there are 17 applicants for the position, a thing unheard of for many years back. There are many more aspirants and when the special meeting of the board, which will probably be held next week, is called to order, it is probable that there will be 25 good and reputable citizens of the county after the position.

In former years there was never more than one or two mentioned for the position and it would hardly be known that a vacancy existed until ex-Boss Ashton had made his choice. The whip would crack; the chosen one would get the job and then the Boss' two tissuepapers would announce that a vacancy existing had been filled.

The seventeen applicants for the County Home superintendency are all of exceptional ability and each and every one tends an equal chance because Washington county has passed up her bosom.

Those who are applicants for the position are: Samuel Ely, Scott Armstrong, W. J. Vankirk, James A. Pollock, J. S. Hamilton, Washington; James Manning, H. M. Riggle, Ad. Clark, North Franklin township; John Grim, J. C. Roney, West Alexander; H. J. Crouch, Bentleyville; John Quivry, Houston; John McNary, Canonsburg; Daniel Irwin, Clayville; F. B. Blackburn, Morgantown, and George Crosby and Mr. Farrer.

VISITORS LOSE TO CHARLEROI

The Charleroi team beat Fayette City last night on the Colonial alleys both in ten and duck pins. Briggs had high score and high average with 215 and 172 2-3 respectively. Charleroi made their highest total score for the season with 2401 pins. In the duck pin game which is the first of the season Osborne had high score with 108 and Henning had high average with 90. These same teams will meet at Fayette City on Tuesday, Nov. 10th.

What Might Have Been Bad Fire Prevented By Acid

Rats Knock Down Matches Which Are Lighted Causing Blaze—Bottle of Acid Breaks And Extinguishes Flames.

The presence of a bottle of muriatic acid in the stairway of Piper Bros. pharmacy at the corner of Fallowfield avenue and Fifth street, probably saved the place from a serious fire, early this morning, which might have destroyed the entire building and the adjoining, and thus entailing a big loss. As it was there was but very small damage done. The fire department were called out at about three o'clock by the ringing of the fire alarm bell and the furious tooting of the fire whistle, but by the time they had got out their apparatus, including the chemical wagon, the self appointed fire extinguisher, viz., the muriatic acid, had done its work and the only thing which denoted that there had been any danger from flames whatever was the presence of smoke in the store.

It seems that the blaze was started by the knocking down by rats of small boxes of matches which were stored in the cellar way. The jar evidently caused them to light and the flames bid fair to become a destructive fire. Near the same place and lying close to a bottle of muriatic acid were several bunches of leaves, dry and like parchment. The flames contracted with these, and they burned brightly, and created an intense heat, such that the glass of the bottle in which was the acid became broken and the stuff flew out over them. Being alone a good extinguisher the muriatic acid quickly put out the fire and thus saved the firm of Piper Bros. and the owner of the building perhaps a big loss.

The smoke was discovered in the store by the night watchman and he sent in the alarm, which was quickly responded to by the firemen.

CORONER SIPE INVESTIGATES DEATH OF MAN

An investigation was held yesterday afternoon, in the office of Coroner W. H. Sipe, of Washington, of the death of William G. Tucker who was killed on Tuesday night, October 20, at Washington, by being thrown from a buggy against the ties of a siding, while drilling along the right of way of the Pennsylvania railroad in the Second ward, between West Beau and Wheeling streets. Eleven witnesses were called and a thorough investigation made before the coroner's jury, composed of W. M. McCutcheon, M. Sharp, T. M. Bebout, L. Heiner, J. W. Mercer and M. L. Brownlee. The jury returned the following verdict:

"We find that William G. Tucker came to his death by falling into an open sewer on the right of way of the P. R. R. between West Beau and West Wheeling streets on the night of Tuesday, October 20, said fall being caused by buggy, in which he was riding, going over the wall over the said sewer under the right of way. We, the jurors, consider the sewer very dangerous and recommend that the town council take immediate action towards having it closed up."

BOOM IN STEEL BUSINESS TO COME

There is likely to be quite a boom in the steel business during the coming week, due to a readjustment of prices for steel rails. It is given out that prices of steel rail are to be reduced, and all of the larger railroads in the country are to come into the market for a large supply, as the result of an agreement made last week by officials of the United States Steel corporation, independent manufacturers, and presidents and other officials of the railroad companies.

That this agreement has been reached was indicated yesterday when the Pennsylvania Railroad company sent telegrams to officials of all the lines east of Erie and Pittsburgh and of the 15 divisions of the lines west of Pittsburgh, asking how many rails had been laid last summer, the number on hand and what would be needed for repairs, renewals and extensions this winter and next summer.

In addition the Pennsylvania Railroad company yesterday instructed division officials to put on as many men as could be used at the car and locomotive repair shops. This order will mean that many additional men will be given employment at once.

The requirements of the Pennsylvania Railroad in the way of rails will amount to at least 150,000 tons, while all other trunk lines will have similar large orders.

ELKS HAVE BIG TIME AT FEAST LAST EVENING

Banquet Following Annual Hunt Is Well Attended Many Guests Coming From Out Of Town.

NUMBER OF NICE SPEECHES MADE

The banquet last night at the Charleroi Elks club house was the most successful ever given by the local order 491. There were almost 200 plates and the service was the best ever. A large number of visiting Elks were present from all over the country, the largest delegation perhaps coming from Uniontown, headed by Robert Kennedy.

Although the team under Kerfoot W. Daly had won the hunting contest the nimrods of the opposing side were on account of their exhausted condition from the hunt not required to wait on the table as was first intended, but with their brothers partook of the delicacies which Caterer J. E. McCordie sat before them. Sam. C. Todd was the toast master and he was one of the visitors expressed it "in the pink of perfection." There were hunting stories galore and a number of good spicy talks. Mr. Todd showed no favoritism whatever in calling on the ones who were gathered around the festive board, for stories and addresses. The Imperial quartet of Pittsburgh furnished very pleasing selections.

During the course of the evening Mr. Kerfoot W. Daly was presented with a sterling silver loving cup, as the captain of the winning side in the hunt. On it was engraved his name and the words "winner of the 3rd annual Hunting contest." Mr. Daly in turn presented the opposing captain, Mr. Tom P. Sloan, with a handsome game dish which, however, before it reached the latter's hands became a mass of broken glass. J. W. McKean then arose to his feet and with a neat address presented Mr. Daly with a large brass medal, measuring 18 inches in length and 6 inches in width, as a trophy of the hunt.

A unique feature of the evening was the court of equity. There was a number tried for the violation of the rules governing the hunting contest. The prosecuting attorney was Attorney "Bob" Kennedy of Uniontown and the meek jury was composed of the following men, Squire Fugate, of Bentleyville; M. Wells, of Coal Center; Eli Barr and "Bill" Garred of Brownsville. The fines which were numerous were from 50 cents to \$5.00 according to the crime.

Editor Dies.

Masontown, Nov. 6.—Charles D. Conner, late editor of the Masontown News and one of the most prominent citizens of Fayette county, died at 8 o'clock Wednesday night, at his home here.

The deceased suffered a stroke of paralysis September 1 and had been confined to his bed since that time. He was a patient in the Uniontown hospital nearly three weeks and was cared for at home during the remainder of his illness.

Petitions For Lights.

The burglary which occurred Wed-
nesday night on Fallowfield avenue
will make an excellent point for the
merchants who have business houses
opening in the rear on Long alley,
from where entry was made, in their
petition for lights at various places
between Fourth and Seventh streets
on this highway. It is a fact that
there are many deeds committed along
this alley which should not be and
the plea for lights by the merchants
is a strong one. If they should be
placed there the police would have a
better chance to properly patrol the
district and guard the property of
the merchants and residents. But the
question is, would it be better to place
lights along Long alley when there is
such a demand from different places
on the hill without also granting the
petitions for the latter? It would
surely create considerable feeling and
the fire, water and light committee of
council, consisting of Jones, Hein and
Schmeiler would get into hot water.
Several petitions have been presented
to council for lights from various
streets on the hill and with an effort
to keep down the expense the body of
city fathers have refused to favor any
more of these petitions than seemed
absolutely necessary. We favor the
idea of having lights placed in all
the localities where they are needed
even if it does cost a little money.
Lights are a necessity to a town
and are the means by which stran-
gers oftentimes judge of the pro-
gressiveness of a place. Possibly it
would be better for the honorable
body of council to spend a little more
money for the purpose of making
Charleroi a model town in this respect
and if it is necessary cut down
expenses on something else.

are not accounts of about a half dozen

few more articles of a thoroughly sen-

absolutely rotten, according to some
of the above described thing's ideas.
They do not care a rap for the things

Wonder Why?

Just why the commissioners of
Allegheny county desire to hold up the
project of the Monongahela bridge at
Monongahela, is not known, except it
is to show that they have a little power
after all. The commissioners of this
county are right willing and ready to
do their share, and make the expendi-
ture of money for the structure as
little as possible, but the Allegheny
men do not seem to be satisfied with
this. They have held up the project
more than just this once and the
chances are that they are trying now
to find a way out of the matter which
must come up soon. The old structure
must be torn down or a fine of \$5,
000 levied monthly on the two coun-
ties, until it is.

GENERAL RESUMPTION OF COKE FURNACES

Uniontown, Nov. 6.—There is to be
a general resumption of the Klondike
and Connellsville coking plants. Yes-
terday Fred S. Keighly of the Oliver
and Snyder company received orders
to start the company's three plants
at Oliver.

W. H. E. Royce, superintendent of
the Republic Iron and Steel company's
plant at Republic, received orders
yesterday afternoon to put the entire
plant in full operation next Monday.

O. W. Kennedy, general manager
of the Orient Coke and Coal company,
said today next Monday will see the
30 ovens of that plant burning in full.

The fact that the independents are
preparing for a resumption in full is
regarded as evidence that the H. C.
Friek Coke company will soon send
out notice of a general resumption.
The price of coke is advancing and
there are increasing inquiries for the
product.

The last statement of George B.
Irwin, secretary of the Independent
Coke Producers' Association, showed
53 per cent of the independent ovens
in blast and 46 per cent of the cor-
poration ovens burning. It showed a
gain of 3 per cent over that of last
week. The shipments have shown a
noticeable increase.

The Republic Iron and Steel company
has sent out a request for miners.
The Orient Coal and Coke company is
similarly situated.

Good Words From Abroad.

"The Power of the Cross" pleased
a large audience here last night giving
entire satisfaction in every respect.
Miss Best and Mr. Perry portrayed the
leading characters just as if they
were moulded into them, rising to the
climaxes in grand style. The same
can be said of Chas. Hartman as
"Father Dooley, the Persecuted
Priest"—always the same friend of
the people, in sunshine or shadow.
Mr. Houston and Mr. Willison assumed
the characters of the villainous ad-
venturers so well that they mistook
the disapproval of the audience for
applause. Miss Enright, the mild
and long comforter of "Father
Dooley," was good at all points. The
comedy was taken care of by Miss
Fannie Harriet and Jack Moulane, who
kept the audience in a roar at their
very appearance. Altogether, the
show is among the best seen here this
season, and at any time Mr. Ward
reappears here he can rest assured
of a packed house.—Dover Sentinel.

Brownsville Man Dead.

South Brownsville, Nov. 6.—James
M. Mitchell, aged almost 92 years,
the oldest man in South Brownsville,
died at 12:25 Thursday morning. He
was born at Hagerstown, Md., Nov-
ember 22, 1816 and was a son of John
and Mary Ann (Ashton) Mitchell.
When quite young he came with his
parents to Brownsville and has resided
in Brownsville and South Brownsville
ever since except for 12 years in
Perryopolis.

Mr. Mitchell attended the public
schools of Brownsville and South
Brownsville and after quitting school
took up shoemaking which he followed
all his life. During the time he was
in Perryopolis, on December 28, 1836
he married Miss Charlotte Page, who
died March 1, 1891, when she was 85
years old. Since her death he had
lived with his son Joseph on Bridge-
port Hill. He also has another son
in the west.

Funeral Friday at 2 p. m. Inter-
ment in Bridgeport cemetery.

Monkeys Like Scrapping.

"Monkeys are in a class by them-
selves," said the circus man. "If one
of them has red hair he is sure to be
a dandy scrapper. The best fighter is
always the leader. They hang togeth-
er and bow and scrape before the boss
just like a good many people. Mon-
keys with red faces and flat heads will
whip the life out of those smaller than
they are, but will run like the wind
when it comes to an even break. A
monkey riot is a funny spectacle. Even
in the same cage you will find groups
herded together as if there was some
class distinction and the lines were
drawn tightly. If two of the big ones
come together in a row the others gen-
erally stand off and let them have it
out, but if any of the little ones get
scrapping then the father and mother
are apt to mix in, and the next step is
a general row. We separate them by
turning on the hose and punish them
by locking up the den so that they can-
not get any peanuts from the crowd
and hold back their heads. This plan
puts them on their good behavior for
awhile at least. The monkey likes to
eat and likes to be noticed."

Slightly Mixed.

They had just set up housekeeping
and were working on the plan of econ-
omy. The bathtub needed a coat of
varnish. He promised to attend to
it if she would order the varnish.

"You'll find the varnish in the closet
with the groceries, dear," she said a
day or so later, "and the can opener
in the knife drawer."

He opened the can and, according
to his contract, applied the coat of
varnish and then left it to dry.

The soup for dinner that day had to
be abandoned, for somehow it pos-
sessed a peculiar paint shop odor that
was nauseating. After dinner he took
her to inspect his work on the bathtub.
Now that it had dried it had a
certain unnatural appearance. The top
and sides were streaked, and here and
there little lumps clung to it.

"The man said that was the best
varnish," she explained, taking up the
can of varnish for an examination.
"but—why, dear, you have varnished
the bathtub with the ox tail soup!"

"Then it was the varnish we ate,
dear," he added, horror stricken. —

A BALD-HEADED WOMAN

Shorn Of Her Crown Of
Beauty Loses In Love
And Marriage.

Hair is certainly most necessary to woman. Who could love and marry a baldheaded woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet right here in Charleroi, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost anyone may rid themselves of dandruff and diseased scalp and hair if they will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome all scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. In gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. John W. Carroll, Charleroi, Pa.

Making More Than A Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

NIGHT SCHOOL WILL START THE FIRST OF NEXT WEEK

Seats Have Just Arrived And Will Be Installed Saturday.

REPORT OF TREASURER

Teachers This Year Will Go To Washington For Institute.

The school board held a regular meeting last night and took up considerable business. It was reported that the seats for the room which is to be used for the night school had arrived. They are to be placed in position in what was formerly the chapel of the Fifth street building, on Saturday and the night school will be started on Monday of next week. It is presumed that there will be a large attendance. The new teacher which was elected recently is George H. Chapman of Pittsburgh, who besides having charge of the night school will teach a few branches in High School. The salary of the janitor of the Fifth street school, Mr. Rylands was raised \$10, on account of the starting of the night school.

Reports of the treasurer and the tax collector were read and accepted and several bills were passed upon. A summary of the former follows: Balance from last report, \$7,329.54. Receipts for month, \$26,881.04.

Total, \$34,207.58.

ts, \$10,148.83.

reasury, \$24,058.75.

ight made a verbal report that the total enrollment was 1,720, and the monthly enrollment 1,636. The average attendance the month was 1,552. During the month 464 patrons visited the school and the superintendent visited fifty times in the rooms and the principals visited 150.

It was decided that the teachers this year should be instructed to attend the county institute at Washington, which begins on the 14th of December. From this date until the 20th there will be a vacation for the teachers and pupils. There will be no school on Thanksgiving and the day following.

The building committee was instructed to purchase the necessary furniture for the additional room which is to be used. Five of Webster's ridged dictionaries were ordered. A tax collector was in repair tax liens for the Dr. Manon and Supt. Wright appointed to adjust the matter of the tuition of High School pupils from Fallowfield township.

BIG CONTRACT FOR MACHINERY

The Pittsburgh-Buffalo company through its president, John H. Jones, has placed contracts, since the election, for \$1,000,000 worth of machinery for its great plant at Marianna, this county. It had previously invested there \$30,000,000 and will add at least another million in the near future.

PRISON FOR FIFTEEN YEARS THE SENTENCE FOR CHAS. W. MORSE

New York, Nov. 6.—At about noon today Judge Hough pronounced sentence upon Charles W. Morse, convicted on 54 counts of the indictments charging him with the misappropriation of funds and falsifying the books of the National bank of North America, the "Ice King" being sent to prison for fifteen years. The sentence of his co-partner in crime, Alfred H. Curtis, was suspended. The men spent last night in the Tombs and were brought out to receive sentence before noon. Morse was staggered by the sentence but quickly recovered as he was led away.

SOCIAL EVENTS OF CHARLEROI

Lyons-Dickey.

At the home of the brides mother, Mrs. Laura Dickey, in Fallowfield township, Wednesday at high noon occurred the marriage of Miss Elizabeth Dickey to Mr. John Lyons of New Concord, Ohio. Rev. H. C. Boblitt, pastor of the First Christian church of Charleroi performed the ceremony in the presence of a few friends of the couple. After the wedding an elegant dinner was served by the bride's mother. They left later for New Concord, Ohio, where they will reside. The people are well and favorably known. Mr. Lyons is immensely popular in his home town.

A sad feature of the affair was the receiving about ten minutes after the performance of the ceremony, by the groom of a telegram announcing the death of his grandfather, with whom he made his home.

W. A. Miksch last night at the Turner hall gave an oyster supper to the Turners and families, the affair being largely attended. The supper was in return for a picture of himself which the order had presented him as the president. Mr. Miksch feeling that it devolved upon him to in some way show his appreciation. Oysters were served upon the half shell. The hall was nicely decorated for the occasion and it was a nice social event. Special music was furnished by the Turn Verein band. Out of town guests were present from Pittsburgh and Monessen.

The Keystone Roller Club composed of seven young men of this and other towns along the valley have issued invitations for a Select Skating party to be given at the Charleroi rink on the evening of Friday, November 20. The club is making elaborate preparations and it is understood that it will be a big society event of the season. Guests have been invited from this place, California, Belle Vernon, Monongahela, Donora, Monessen and other places of the valley. Those composing the committee are William E. Huston, Thomas E. Jeffries, F. E. Moore, Buchanan, Paul A. Kimmins, William J. Eneix, Homer A. Horn, and S. Joseph Carroll.

Mrs. J. Y. Hill, Mrs. Emma Ralston and Mrs. Iva Wickerham and children of Monongahela spent yesterday with Mrs. C. M. Hill of Meadow avenue.

MANY OUT FOR SUPERINTENDENCY

Seventeen Applications In For County Home Position.

NEVER MORE THAN TWO

Every day incidents arise that are combining within themselves that business is a thing of the past in Washington county. Probably as pertinent an illustration so far, is the number of applications for the vacancy existing at the county home. On November 25 Superintendent J. V. Dadds will end his superintendency. To date there are 17 applicants for the position, a thing unheard of for many years back. There are many more aspirants and when the special meeting of the board, which will probably, be held next week, is called to order, it is probable that there will be 25 good and reputable citizens of the county after the position.

In former years there was never more than one or two mentioned for the position and it would hardly be known that a vacancy existed until ex-Soss Achison had made his choice. The whip would crack; the chosen one would get the job and then the two tissue papers would announce that a vacancy existed had been filled.

The seventeen applicants for the County Home superintendency are all of exceptional ability and each and every one stands an equal chance before Washington county has passed up her bossism.

Those who are applicants for the position are: Samuel Ely, Scott Armstrong, W. J. Vankirk, James A. Pollock, J. S. Hamilton, Washington; James Manning, E. M. Riggle, Ad. Clark, North Franklin township; John Grim, J. C. Roney, West Alexander; H. J. Croach, Bentleyville; John Quivry, Houston; John McNary, Canonsburg; Daniel Irwin, Clayville; F. B. Blackburn, Morgantown; and George Crosby and Mr. Farrier.

VISITORS LOSE TO CHARLEROI

The Charleroi team beat Fayette City last night on the Colonial alley. Both in ten and duck pins. Briggs had high score and high average with 215 and 172 2-3 respectively. Charleroi made their highest total score for the season with 2401 pins. In the duck pin game which is the first of the season Osborne had high score with 108 and Henning had high average with 90. These same teams will meet at Fayette City on Tuesday, Nov. 10th.

What Might Have Been Bad Fire Prevented By Acid

Rats Knock Down Matches Which Are Lighted Causing Blaze—Bottle of Acid Breaks And Extinguishes Flames.

The presence of a bottle of muriatic acid in the stairway of Piper Bros. pharmacy at the corner of Fallowfield avenue and Fifth street, probably saved the place from a serious fire early this morning, which might have destroyed the entire building and the adjoining, and thus entailing a big loss. As it was there was not very small damage done. The fire department were called out at about three o'clock by the ringing of the fire alarm bell and the furious tooting of the fire whistle, but by the time they had got out their apparatus, including the chemical wagon, the self appointed fire extinguisher, viz., the muriatic acid, had done its work and the only thing which denoted that there had been any danger from flames whatever was the presence of smoke in the store.

It seems that the blaze was started by the knocking down by rats of small boxes of matches which were stored in the cellar way. The jar evidently caused them to light and the flames bid fair to become a destructive fire. Near the same place and lying close to a bottle of muriatic acid were several bunches of dry and like material. The flames came in contact with these, and they burned brightly, and created an intense heat, such that the glass of the bottle in which was the acid became broken and the stuff flew out over them. Being alone a good extinguisher the muriatic acid quickly put out the fire and thus saved the firm of Piper Bros. and the owner of the building perhaps a big loss.

The smoke was discovered in the store by the night watchman and he sent in the alarm, which was quickly responded to by the firemen.

CORONER SIPE INVESTIGATES DEATH OF MAN

An investigation was held yesterday afternoon, in the office of Coroner W. H. Sipe, of Washington, of the death of William G. Tucker who was killed on Tuesday night, October 20, at Washington, by being thrown from a buggy against the ties of a siding, while drilling along the right of way of the Pennsylvania railroad "in the Second ward, between West Beau and Wheeling streets. Eleven witnesses were called and a thorough investigation made before the coroner's jury, composed of W. M. McCutcheon, M. Sharp, T. M. Bebout, L. Heiner, J. W. Mercer and M. L. Brownlee. The jury returned the following verdict:

"We find that William C. Tucker came to his death by falling into an open sewer on the right of way of the P. R. R. between West Beau and West Wheeling streets on the night of Tuesday, October 20, said fall being caused by buggy, in which he was riding, going over the wall over the said sewer under the right of way. We, the jury, consider the sewer very dangerous and recommend that the town council take immediate action towards having it closed up."

BOOM IN STEEL BUSINESS TO COME

There is likely to be quite a boom in the steel business during the coming week, due to a readjustment of prices for steel rails. It is given out that prices of steel rail are to be reduced, and all of the larger railroads in the country are to come into the market for a large supply, as the result of an agreement made last week by officials of the United States Steel corporation, independent manufacturers, and presidents and other officials of the railroad companies.

That this agreement has been reached was indicated yesterday when the Pennsylvania Railroad company sent telegrams to officials of all the lines east of Erie and Pittsburgh and of the 15 divisions of the lines west of Pittsburgh, asking how many rails had been laid last summer, the number on hand and what would be needed for repairs, renewals and extensions this winter and next summer.

In addition the Pennsylvania Railroad company yesterday instructed division officials to put on as many men as could be used at the car and locomotive repair shops. This order will mean that many additional men will be given employment at once.

The requirements of the Pennsylvania Railroad in the way of rails will amount to at least 150,000 tons, while all other trunk lines will have similar large orders.

A Novel Window Display.
The display of the Hoosier Kitchen Cabinet in the window of W. B. Fieghardt's store is decidedly novel and worth going a little out of your way to see. One of these useful Cabinets is to be given away absolutely free to some lucky person.

ELKS HAVE BIG TIME AT FEAST LAST EVENING

Banquet Following Annual Hunt Is Well Attended Many Guests Coming From Out Of Town.

NUMBER OF NICE SPEECHES MADE

The banquet last night at the Charleroi Elks club house was the most successful ever given by the local order 494. There were almost 200 plates and the service was the best ever. A large number of visiting Elks were present from all over the country, the largest delegation perhaps coming from Uniontown, headed by Robert Kennedy.

Although the team under Kerfoot W. Daly had won the hunting contest the nimrods of the opposing side were on account of their exhausted condition from the hunt not required to wait on the table as was first intended, but with their brothers partook of the delicacies which Caterer J. E. McCordie sat before them. Sam. C. Todd was the toast master and he was as one of the visitors expressed it "in the pink of perfection." There were hunting stories galore and a number of good spicy talks. Mr. Todd showed no favoritism whatever in calling on the ones who were gathered around the festive board, for stories and addresses. The Imperial quartet of Pittsburgh furnished very pleasing selections.

During the course of the evening Mr. Kerfoot W. Daly was presented with a sterling silver loving cup, as the captain of the winning side in the hunt. On it was engraved his name and the words "winner of the 3rd annual Hunting contest. Mr. Daly in turn presented the opposing captain, Mr. Tom P. Sloan, with a handsome game dish which, however, before it reached the latter's hands became a mass of broken glass. J. W. McKean then arose to his feet and with a neat address presented Mr. Daly with a large brass medal, measuring 18 inches in length and 6 inches in width, as a trophy of the hunt.

A unique feature of the evening was the court of equity. There was a number tried for the violation of the rules governing the hunting contest. The prosecuting attorney was Attorney "Bob" Kennedy of Uniontown and the mock jury was composed of the following men, Squire Fogate, of Bentleyville; M. Wells, of Coal Center; Eli Barr and "Bill" Garred of Brownsville. The fines which were numerous were from 50 cents to \$5.00 according to the crime.

Editor Dies.
Masontown, Nov. 6.—Charles D. Conner, late editor of the Masontown News and one of the most prominent citizens of Fayette county, died at 8 o'clock Wednesday night, at his home here.

The deceased suffered a stroke of paralysis September 1 and had been confined to his bed since that time. He was a patient in the Uniontown hospital nearly three weeks and was cared for at home during the remainder of his illness.

No String to this Offer.
A Hoosier Kitchen Cabinet to be given away free. See our coupons. A special sale of the Hoosier Cabinets takes place on Monday Nov. 9th and up to Saturday Nov. 14th. Come in Monday or Tuesday, we will have a special demonstration these two days. Fieghardt's.

Petitions For Lights.

The burglary which occurred Wed-
nesday night on Fallowfield avenue
will make an excellent point for the
merchants who have business houses
opening in the rear on Long alley,
from where entry was made, in their
petition for lights at various places
between Fourth and Seventh streets
on this highway. It is a fact that
there are many deeds committed along
this alley which should not be and
the plea for lights by the merchants
is a strong one. If they should be
placed there the police would have a
better chance to properly patrol the
district and guard the property of
the merchants and residents. But the
question is, would it be better to place
lights along Long alley when there is
such a demand from different places
on the hill without also granting the
petitions for the latter? It would
surely create considerable feeling and
the fire, water and light committee of
council, consisting of Jones, Hein and
Schmeiler would get into hot water.
Several petitions have been presented
to council for lights from various
streets on the hill and with an effort
to keep down the expense the body of
city fathers have refused to favor any
more of these petitions than seemed
absolutely necessary. We favor the
idea of having lights placed in all
the localities where they are needed
even if it does cost a little money.
Lights are a necessity to a town
and are the means by which stran-
gers oftentimes judge of the pro-
gressiveness of a place. Possibly it
would be better for the honorable
body of council to spend a little more
money for the purpose of making
Charleroi a model town in this res-
pect and if it is necessary cut down
expenses on something else.

Knock Against "Knockers."

they do not know how to read a paper
after they have been so extravagant
as to spend a cent for one. If there
are not accounts of about a half dozen
murders together with three column
cuts showing what is supposed to be
the likeness of the daring villains
that committed the terrible deeds and a
few more articles of a thoroughly sen-
sational nature, the newspaper is
absolutely rotten, according to some
of the above described thing's ideas.
They do not care a rap for the things
that educate and the true news, of
an elevating nature, but crave yellow
journalism. They seek this stuff
and they get it—in some papers, which
rapidly however gain a reputation for
unreliability and untruthfulness. Be-

Wonder Why?

Just why the commissioners of
Allegheny county desire to hold up the
project of the Monongahela bridge at
Monongahela, is not known, except it
is to show that they have a little power
after all. The commissioners of this
county are right willing and ready to
do their share, and make the expendi-
ture of money for the structure as
little as possible, but the Allegheny
men do not seem to be satisfied with
this. They have held up the project
more than just this once and the
chances are that they are trying now
to find a way out of the matter which
must come up soon. The old structure
must be torn down or a fine of \$5,
000 levied monthly on the two coun-
ties, until it is.

GENERAL RESUMPTION OF COKE FURNACES

Uniontown, Nov. 6.—There is to be
a general resumption of the Klondike
and Connellsville coking plants. Yes-
terday Fred S. Keighly of the Oliver
and Snyder company received orders
to start the company's three plants at
Oliver.

W. H. E. Royce, superintendent of
the Republic Iron and Steel company's
plant at Republic, received orders
yesterday afternoon to put the entire
plant in full operation next Monday.

O. W. Kennedy, general manager
of the Orient Coke and Coal company,
said today next Monday will see the
50 ovens of that plant burning in full.

The fact that the independents are
preparing for a resumption in full is
regarded as evidence that the B. C.
Frick Coke company will soon send
out notice of a general resumption.
The price of coke is advancing and
there are increasing inquiries for the
product.

The last statement of George B.
Irwin, secretary of the Independent
Coke Producers' Association, showed
53 per cent of the independent ovens
in blast and 46 per cent of the cor-
poration ovens burning. It showed a
gain of 3 per cent over that of last
week. The shipments have shown a
noticeable increase.

The Republic Iron and Steel company
has sent out a request for miners.
The Orient Coal and Coke company is
similarly situated.

Good Words From Abroad.

"The Power of the Cross" pleased
a large audience here last night giving
entire satisfaction in every respect.
Miss Best and Mr. Perry portrayed the
leading characters just as if they
were moulded into them, rising to the
climaxes in grand style. The same
can be said of Chas. Hartman as
"Father Dooley, the Persecuted
Priest"—always the same friend of
the people, in sunshine or shadow.
Mr. Houston and Mr. Willison assu-
me the characters of the villainous ad-
venturers so well that they mistook
the disapproval of the audience for
applause. Miss Enright, the mild
and long comforter of "Father
Dooley," was good at all points. The
comedy was taken care of by Miss
Fannie Harriet and Jack Moulane, who
fanned the audience in a roar at their
very appearance. Altogether, the
show is among the best seen here this
season, and at any time Mr. Warde
reappears here he can rest assured
of a packed house.—Dover Sentinel.

Brownsville Man Dead.

South Brownsville, Nov. 6.—James
M. Mitchell, aged almost 92 years,
the oldest man in South Brownsville,
died at 12:25 Thursday morning. He
was born at Hagerstown, Md., Nov-
ember 22, 1816 and was a son of John
and Mary Ann (Ashton) Mitchell.
When quite young he came with his
parents to Brownsville and has resided
in Brownsville and South Brownsville
ever since except for 12 years in
Perryopolis.

Mr. Mitchell attended the public
schools of Brownsville and South
Brownsville and after quitting school
took up shoemaking which he followed
all his life. During the time he was
in Perryopolis, on December 28, 1896
he married Miss Charlotte Page, who
died March 1, 1899, when she was 55
years old. Since her death he has
lived with his son Joseph on Bridge-
port Hill. He also has another son
in the west.

Funeral Friday at 2 p. m. Inter-
ment in Bridgeport cemetery.

Monkeys Like Scrapping.

"Monkeys are in a class by them-
selves," said the circus man. "If one
of them has red hair he is sure to be
a dandy scrapper. The best fighter is
always the leader. They hang togeth-
er and bow and scrape before the boss
just like a good many people. Mon-
keys with red faces and flat heads will
whip the life out of those smaller than
they are, but will run like the wind
when it comes to an even break. A
monkey riot is a funny spectacle. Even
in the same cage you will find groups
herded together as if there was some
class distinction and the lines were
drawn tightly. If two of the big ones
come together in a row the others gen-
erally stand off and let them have it
out, but if any of the little ones get to
scrapping then the father and mother
are apt to mix in, and the next step is
a general row. We separate them by
turning on the hose and punish them
by locking up the den so that they can-
not get any peanuts from the crowd
and hold back their means. This plan
puts them on their good behavior for
awhile at least. The monkey likes to
eat and likes to be noticed."

Slightly Mixed.

They had just set up housekeeping
and were working on the plan of econ-
omy. The bathtub needed a coat of
varnish. He promised to attend to
it if she would order the varnish.

"You'll find the varnish in the closet
with the groceries, dear," she said a
day or so later, "and the can opener
in the knife drawer."

He opened the can and, according
to his contract, applied the coat of
varnish and then left it to dry.

The soap for dinner that day had to
be abandoned, for somehow it pos-
sessed a peculiar paint shop odor that
was nauseating. After dinner he took
her to inspect his work on the bath-
tub. Now that it had dried it had a
certain unnatural appearance. The top
and sides were streaked, and here and
there little lumps clung to it.

"The man said that was the best
varnish," she explained, taking up the
can of varnish for an examination,
"but—why, dear, you have varnished
the bathtub with the ox tail soap!"

"Then it was the varnish we ate,
dear," he added, horror stricken.—

A BALD-HEADED WOMAN

Shorn Of Her Crown Of
Beauty Loses In Love
And Marriage.

Hair is certainly most necessary to woman. Who could love and marry a baldheaded woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet right here in Charleroi, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost anyone may rid themselves of dandruff and diseased scalp and hair if they will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome all scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. John W. Carroll, Charleroi, Pa.

Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

A Model Hotel "Boots."

It was in a Dublin hotel, and as I closed the bedroom door, says a writer in the Manchester Guardian, I noticed that the end of one of my boot laces was inside the room, the boot to which it was attached having been placed as usual outside. When I awoke next morning the boot lace end was still there, and I opened the door expecting to find that the boots had not been cleaned, but I was wrong. A very careful hotel servant, a very model among "boots" had found the lace tightly gripped by the door and rather than disturb me had carefully removed it from the lace holes and carried away the boot. Presently I heard a quiet noise outside the door. The model boots had brought my boots back again and was industriously relacing that one which he had unlaced.

Cheese in the Middle Ages.

Cheese must have been a rather dear or scarce article of food in 1502, for it is recorded in the "Black Books" of the Honorable Society of Lincoln's Inn that at Easter term, 1502, it was "agreed by the governors and benchers this term that if any one of the society shall hereafter eat cheese immoderately at the time of dinner or supper, or at any other or shall carry it away from the table at any time he shall pay 4 pence for each offense. The butlers of the society shall present such defaulters weekly under pain of expulsion from office."—Law Times.

Shoes for Young Men

WE have a shoe that is a great favorite with Young Men who are smart dressers, and who want all the style kinks that can be worked into a shoe. Our Walk-Over \$4.00 Shoe

This is the shoe that fills the Young Man's fancy to the letter.

Made on lasts that are correct but extreme in style. Straight or wing. Extension soles, narrow toes, and military heels. Blucher and lace cut. Choice leathers. All sizes and widths. Not high priced when we say \$4.00

Many Young Men have already found out, and others are finding out, that this is the store for swell shoes. If a shoe is here, it's right.

HOW
Ralston
SHOES
ARE MADE

Not only are the best of leathers used in the manufacture of RALSTON SHOES, but also only the choicest parts of the skin are used as you will see in the above diagram.

After being cut, the parts are "fitted" and finally lasted over the famous Ralston lasts—the only lasts which provide for sole fit as well as upper fit.

RAI STON SHOES besides being made of the finest materials, fit perfectly, and because their is no strain on any part, they hold their shape longer, and wear better than any other similar priced shoe we know.

Let us show you our fine variety of Fall styles.

DIGNIFIED STYLES

For Men of Affairs

Our special sedate models in Suits and Overcoats for business and professional men are very elegant, very dignified and entirely correct. They do away with the old notion that "long tailed" coats are necessary to dignity. Also owing to the extraordinary range of sizes displayed in each style, we are in a position to guarantee an instantaneous and a perfect fit for Stout Men, Slender Men, Tall Men, Short Men, and men of average build.

Request to be shown our lavish array of patterns in the lines we are featuring on \$15.00 to \$25.00

Our line of Men's and Boys' Furnishing is complete. We also have a very complete line of Sweaters, in coat and other styles at remarkably low prices.
